zenitel

DATASHEET

100964990x

API License

OPC & SDK

Description

The API license is used by the OPC Server and the AlphaCom SDK (Software Development Kit). The OPC server and the SDK communicates with the AlphaCom over the TCP/IP protocol. For the server to operate, a license has to be supplied to the AlphaCom. In an AlphaNet each exchange must have its own API license.

OPC Features

- Standards based on integration with OPC and Microsoft .Net
- True interoperability and scalability with OPC and Microsoft .Net
- Reduce implementation time and cost of system integration
- Easy and fast configuration, only limited configuration data is required
