## MIC-DCA-HB

MIC hinged alu bracket

---

---

## Description

The hinge feature allows installers to “hang” the MIC7000 camera temporarily during installation for easier connection of cables/wiring before final bolts are installed. Although the hinge feature is only available when used with a MIC7000 camera, this DCA is otherwise compatible with MIC analog cameras also. An O-ring seals the camera-to-mount interface to an ingress rating of IP68.

# Specifications

## GENERAL

|                 |  |
|-----------------|--|
| Dimension (HxW) | 120 x 131.6mm                            |
| Weight          | 2,5 Kg                                   |
