MIC-DCA-HB

MIC hinged alu bracket

Description

The hinge feature allows installers to “hang” the MIC7000 camera temporarily during installation for easier connection of cables/wiring before final bolts are installed. Although the hinge feature is only available when used with a MIC7000 camera, this DCA is otherwise compatible with MIC analog cameras also. An O-ring seals the camera-to-mount interface to an ingress rating of IP68.

Specifications

GENERAL

Dimension (HxW)	120 x 131.6mm
Weight	2,5 Kg
Material	Solid aluminum with painted polyester
