CAR-4TF

Loudspeaker Wall-Mount Double Faces 4W

### Description

- O Double faced loudspeaker w/ transformer for accommodations area
- Ideal for P.A. intercom and background music
- O To be used together with 100V line amplifier

The CAR-4TF is a general purpose loudspeaker to be used on 50/100 V lines. The speaker is bidirectional and disperses audio in both directions. This feature makes this speaker very well suited for corridors and other applications where audio has to be evenly distributed.
