SAFE-M6T

Wall speaker, aluminium, 6W, 70/100V, IP56

Description

6W metal vandal-proof IP56 rated cabinet speaker. This model is highly suitable in public areas where special precautions against destructive treatment are necessary.

- Open the cabinet using the enclosed Allen key to loosen the screws on three sides of the cabinet.
- Lead cable through the cable gland and connect to terminal 70V (white – green) or 100V (white – red).
- Choose required power on the transformer.
- Fasten the mounting plate to wall or ceiling by four screws.
- Close the cabinet by fasten three screws on three sides of the cabinet.
- For optimum performance, always use the correct voltage / power and operate within the frequency limits as stated.
