CL-200T-AG

Ceiling Loudspeaker with Steel Firedome for Humid Rooms

Description

The flush mounted ceiling speaker CL-200T-AG is made for humid rooms where fire integrity is also required. The ceiling speaker has a tropicalized speaker cone to withstand moisture and the entire enclosure is made from non-combustible materials. The CL-200T-AG is therefore suited for ceilings where B-0 fire rating is specified.

- Made for marine environment
- Good audio quality
- Steel back box to reduce spread of fire
- Selector on the back to adjust power tapping to accommodate separate room sizes
- Cable glands increase stability of wire connectivity
- Supports loop wiring with 2 x M20 cable glands
- Includes thermal fuse and ceramic terminals
- Aluminum grille and fully painted chassis provides good corrosion properties
