Emergency Communication Tower / Stanchion

1601 Econo Tower

NB: This product is only available in North America.

Emergency points

Description

- ✓ Economical and Reliable Emergency Communications
- ✓ Extremely Durable Design Resists Environment and Vandalism
- ✓ LED Blue Light Flashes when Unit is Activated - LED Blue Light is Constantly On
- ✓ Easy to Install Versatile Modular Design
- ✓ Unit Meets All ADA Requirements
- ✓ Design Can be Customized to Meet Customer Requirements (color and lettering)
- ✓ Voltage Options - 120 VAC, 12/24 VDC & 24 VAC
- ✓ Note: All IP Turbine Intercoms Require IP station license.

The Emergency Stanchion is a vandal resistant 9'6" tower designed for use with the Zenitel hands-free emergency stations. It is ideal for college campuses, open lot parking facilities, medical centers, city streets, and any other open space where security is a concern.

The stanchion comes equipped with an integrated blue light. The LED blue light is always lit, calling attention to the location of the emergency intercom. The LED light automatically pulses when the emergency intercom is activated. The pulsing continues until terminated by the security personnel receiving the emergency call.

The tower is made of a vandal resistant 1/4" thick steel column with a multi-coat, rust inhibitive coating design to withstand prolonged exposure to harsh environments. The blue light is located on top of the column.

The Stanchion comes with the word "EMERGENCY" emblazoned on all four sides in high reflective letters. The station has a concealed LED panel light that illuminates the face of the emergency intercom.

Station Options for the Towers or Wall Units: The Turbine series of stations are used along with the Turbine adapter plate. See more information on the specifications page for part numbers.

Specifications

TURBINE SERIES IP:

10001600TA	Turbine Adapter Plate
1008111010	TCIS-1
1008111020	TCIS-2
1008111030	TCIS-3
1008111040	TCIS-4
1008111050	TCIS-5
1008111060	TCIS-6

TURBINE SERIES ANALOG:

1008114010	TCAS-1
1008114020	TCAS-2
1008114030	TCAS-3
1000968903	Relay Board (required for Turbine Analog Stations)

SPECIFICATIONS:

Dimension:	9' 6" H x 10" W x 8" D
Weight:	300 lbs.
Mounting:	In concrete foundation Hardware included (shipped in advance)
Construction:	.25" steel with multi-coat rust inhibitive coating
