P-9003

Substation for Headset

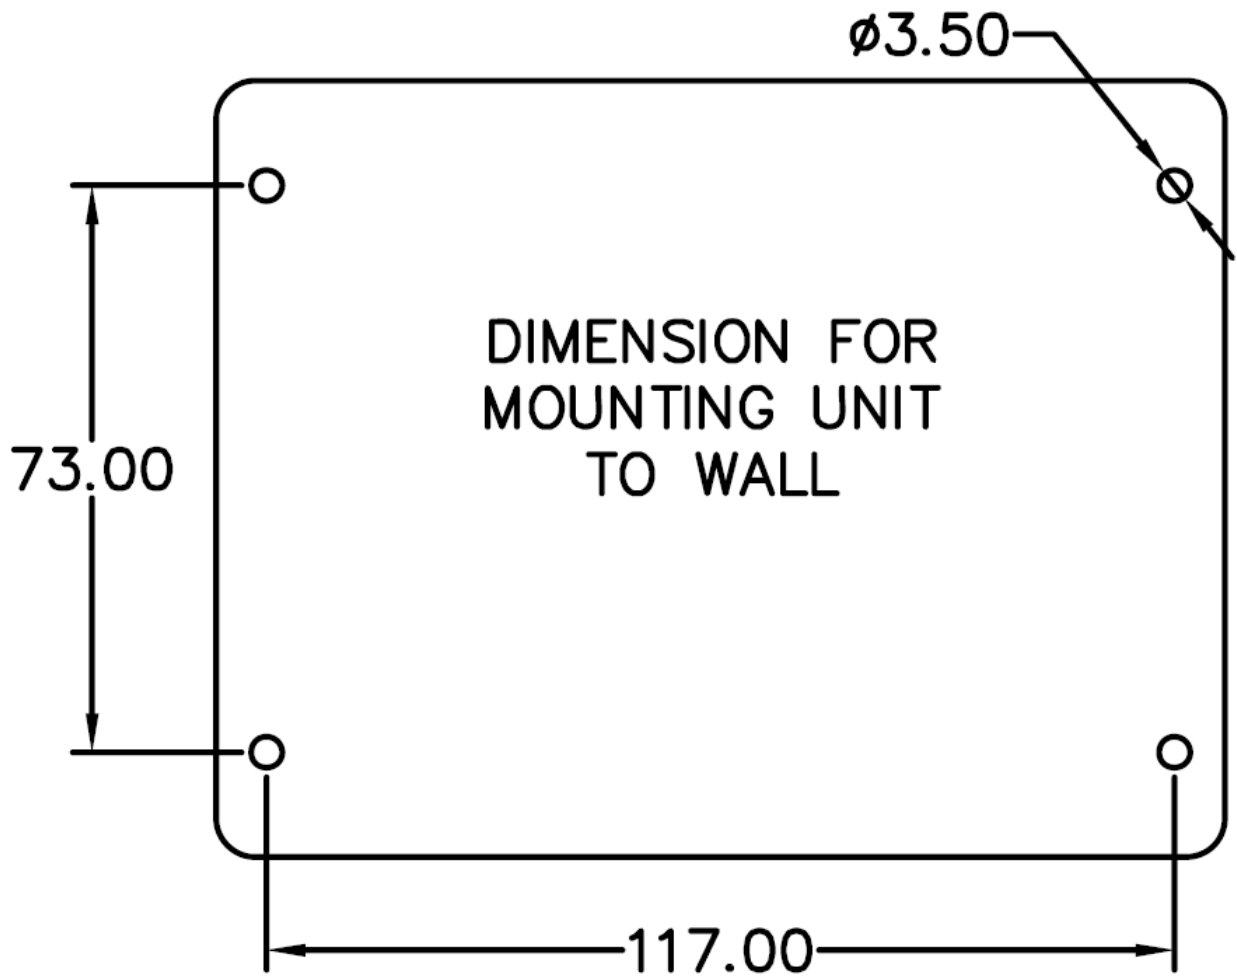

- ✓ Built-in call relay, max 8A
- ✓ Call lamp
- ✓ Plug for connection of headset or handheld microphone
- ✓ CALL button
- ✓ Complies with IEC 60945 Standard for Marine Equipment

Description

The P-9003 is a weatherproof Command Intercom System (Talk-Back) substation for industrial and noisy environments such as engine, steering gear and thruster rooms. It interfaces an external loudspeaker, external call signal device (flash/rotating light/hooter/siren) and a pluggable hearing protective headset. The unit is equipped with a CALL button for attention request and a call lamp for visual call indication.

Technical Dimensions
