ITCS-C1

Hospital Call Unit for Inelteh Call System

- Hospital call unit for Inelteh Call System
- Push-button activation for easy call initiation
- Designed for medical and patient care applications
- Bulkhead mounting
- Compatible with ITCS-A hospital communication system

Description

The ITCS-C1 is a hospital call unit designed for use in shipboard hospitals, patient care areas, and other medical facilities where a reliable call system is required. It allows patients or personnel to initiate a call for assistance quickly and efficiently.

- Push-button call activation – Ensures easy and immediate call initiation.
- Designed for hospital environments – Provides reliable communication for patient care and emergency response.
- Bulkhead mounting – Secure and space-efficient installation.
- Part of the ITCS-A hospital communication system – Seamlessly integrates with Inelteh's patient care solutions.

The ITCS-C1 enhances onboard healthcare communication by providing a dedicated call unit, ensuring prompt assistance in medical environments.
