ITCS-R1

Repeater Unit for Inelteh Call System

- Repeater unit for Inelteh Call System (ITCS-A)
- Buzzer and red "ALARM" LED for call indication
- Green LED for power status
- "ACCEPT" button silences buzzer but keeps visual alarm active
- Bulkhead mounting

Description

The ITCS-R1 is a repeater unit designed for the Inelteh Call System, extending call notifications withboth audible and visual indicators. It is primarily used inhospitals, cold rooms, and crew areas to ensure calls are acknowledged in multiple locations.

- Call indication – Equipped with a buzzer and a red "ALARM" LED for clear alerting.
- Power status display – A green LED indicates the unit is operational.
- Call acceptance function – Pressing the "ACCEPT" button silences the buzzer while keeping the visual alarm active.
- Reset mechanism – The visual alarm remains until the call is reset at theITCS-RS reset unit or ITCS-C4 call unit.
- Bulkhead mounting – Designed for secure installation.

The ITCS-R1 ensures extended call visibility and response efficiency, making it a key component in theITCS-A system for onboard safety and emergency communication.
