TCIA-2-P

Package with TCIA-2,TKIA-2,TKIS-2

Description

- ✓ Package comprising [TCIA-2](#), [TKIA-2](#), [TKIS-2](#)
- ✓ Vandal resistant Analog over IP intercom
- ✓ Combine the network security of an analog intercom with the audio features of an IP intercom.
- ✓ Up to 60 meters extended analog interface keeps your IP network port in protected area.
- ✓ Ideal for Building Security and Public Environments where you don't want to expose your physical IP network.

Zenitel's Air Gap Solution:

Zenitel's air gap solution is ideal when you need to place an intercom in an unsecured area, but wish to keep your IP network in a protected area. The TCIA-2 IP-Analog intercom is best suited for deployment under such circumstances. The TCIA-2 connects to the Zenitel air gap gateway (comprising the TKIA-2 and TKIS-2) that is placed in a secure area, up to 60 meters from the TCIA-2 intercom.

Zenitel's air gap solution
