# EHS-24O – Rotary Signal Light, 24 V DC (Orange)

Rotary Light 24V DC

- Rotary orange light for clear visual call indication
- Compatible with Zenitel TFIE and other industrial telephones/intercoms
- Suitable for 24 V DC installations
- Impact-resistant dome and metal base
- IP54 protection against dust and splashing water
- Easy surface or wall mounting
- Available in various color domes - *see specifications TAB for details*
- *Please note that this product has been replaced by Item Number: 1016544*

## Description

The EHS-24O provides a bright rotating orange light forvisual call indication or alerting in noisy or semi-outdoor environments.
It is commonly used together with Zenitel TFIE industrial telephones, and other analog or IP telephones and intercom stations, to ensure that important calls are seen even when audible alerts may be missed.

Built for industrial and maritime applications, the EHS-24O features an IP54-rated housing, impact-resistant polycarbonate dome, and simple wall or surface installation.
The unit is available in multiple dome color variants for different signaling purposes.*Details in Specifications TAB.*
