EHS-220O – Rotary Signal Light, 220 V AC (Orange)

Rotary Light 220VAC

- Rotary orange light for visual call indication or alerts
- Works with Zenitel TFIE and other industrial telephones/intercoms
- 220 V AC power supply for direct mains connection
- Rugged and reliable for indoor or sheltered outdoor use
- IP54 dust and splash protection
- Impact-resistant polycarbonate dome
- Available in various color domes - *see specifications TAB for details*
- *Please note that this product has been replaced by Item Number: 1016554*

Description

The EHS-220O is a robust rotary signal light providing a high-visibility orange indicator for incoming calls or alerts. It is designed for industrial and maritime communication points, where noise or distance can make audible alerts insufficient.

Typically paired with Zenitel TFIE industrial telephones, as well as analog and IP intercoms, the EHS-220O offers reliable performance in workshops, control rooms, and sheltered outdoor locations.
Its 220 V AC operation allows for direct connection to standard mains circuits, while the IP54 enclosure ensures durability and splash resistance.
Other dome colors are available for custom signaling requirement - *see "Specifications TAB" for details*.

Specifications

GENERAL

Operating voltage	230VAC (50 - 60Hz) +- 10%
Lamp source	40 W Ba-15d
Rated current	200mA
Flash frequency	180 r.p.m
Operating temp	-10°C to +50°C
Material	Housing: Painted mild st. / Lens: PC
Housing Colour	Grey
Duty cycle	100%
Connection	1mtr. cable
IP-class	IP-54
Dimensions (mm)	148Ø x 215H
Weight	1.1 kg
Storage temp	-10°C to +55°C
Relative humidity	<95% Non-condensing
Environmental Condition	Protected
