Base product: VMP-36-PELP-A

Includes: 3005020067 - Modification cable kit with diode for [VMP-stations](#) - See the Documents tag for the modification description

- ✓ Portable headset for connection to plugbox CD-7-VMP
- ✓ Switchbox w/ M-button and belt clip
- ✓ Excellent noise performance
- ✓ High attenuating ear shells
- ✓ Standard with 10 meter cable

IP54

Onboard communication

Description

The VMP-36-PELP-A headset brings hearing protection and communication in noisy environments into a new level of performance with newly designed speakers and microphone.

The dual cup give a modern and slim look and is specially designed to provide excellent noise attenuation.

Applications

The VMP-36-PELP-A headset can enhance communication in noisy environments and other workplaces, where the workers need to be connected to their 2-way handheld or fixed systems throughout the day to help facilitate frequent contacts with co-workers.

Functionality (together with VMP station/CD-7-VMP Plugbox)

In the OFF Headset position *on the CD-7-VMP* plugbox the VMP station works as normal. No audio to, and from the headset.

If switched to upwards position (Opposite of OFF Headset) the headset is enabled and a dial tone is heard in the headset. Outwards dialling must be initiated on the VMP station.

When called, the conversation can be answered directly from the headset/plugbox simply by swiching toupwards position.

If the switch somehow is in in the upwards position when a call comes in, the caller will be met by"busy"

Use the headset PTT button (M-button) to talk from the headset when in a conversation. This will autmatically activate simplex mode. Return to duplex mode by briefly reactivating the PTT button.

Switch back to OFF Headset position to terminate the call.

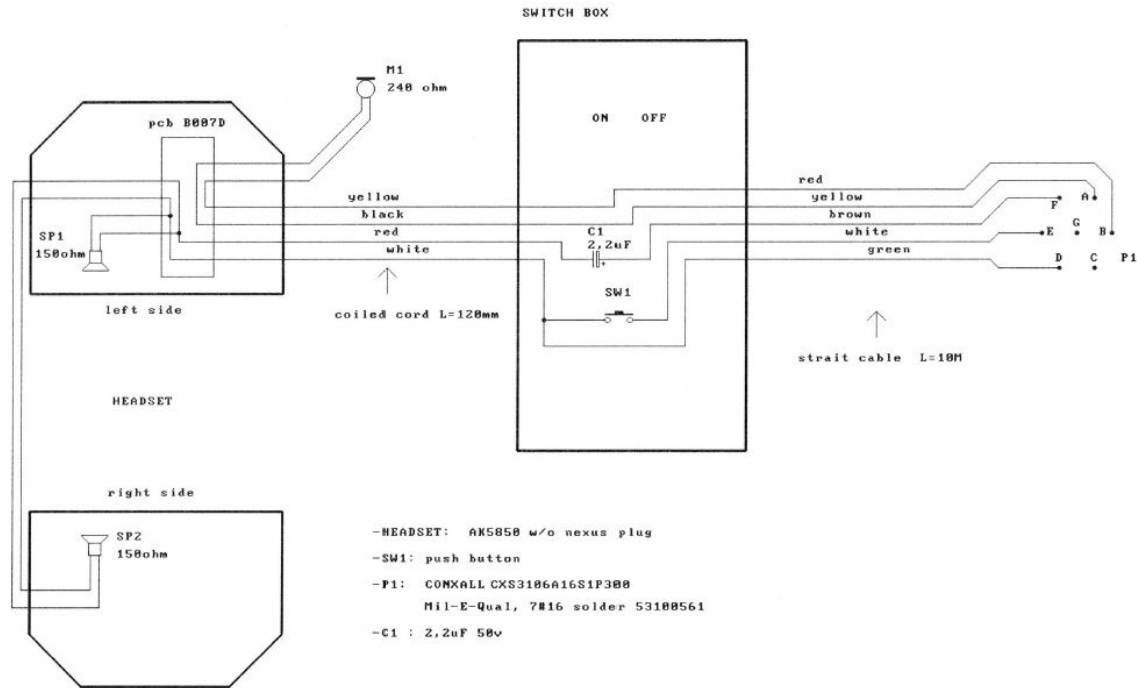

Technical Dimensions

Mount bracket, 1.2mm stainless steel

Specifications

GENERAL

Termination	Conxall, CXS3106A16S1P300, 7 pin (Plug box CD-7)
Microphone	20,5 mm. dynamic noise cancelling, 240 Ohm+- 30 %, sensitivity -57 dB+-3 dB, 0 dB=1v/pa at 1kHz, frequency response: 50Hz-6KHz.
Earphone/Speakers	27 mm. diameter, 150 Ohm+-15 %, Parallell connection, frequency response: 50Hz-10KHz.
Temperature	-40 to +60 degrees C
Storage Humidity	< 90%
Protection	IP-54 (When worn)
Attenuation rating (HML)	H=32 dB / M=28 dB / L=20
Attenuation rating (SNR)	30 dB
CE Certificate no.	12151RHS01
Dimension (HxD)	Approximately 250 x 150 mm. (adjustable).
Weight	0.4 kg
Colour	Black/Yellow
Manufacturer	Zenitel (A-kabel)
Cable	10m
