VSP-22M

Main Station- Watertight 20-Way

- 20 extension system
- 2 position group selector
- 10 position line selector
- Wall mount
- Waterproof housing for use at bridge wings and open deck areas

IP66

Description

VSP-22M Watertight Main Station: Outdoor Batteryless Telephone Unit

The VSP-22M Watertight Main Station enhances outdoor communication on vessels with its sturdy construction and reliable performance. As part of our 20-Way Batteryless Telephone System, it's designed to withstand the elements while providing clear communication links, crucial in emergency situations. It features:

- Watertight Housing: Built to perform in outdoor settings, including bridge wings and open deck areas.
- Selective Calling: Enhanced with a 10-position selector switch and a 2-position group selector for efficient communication between stations
- Strategic Installation: Optimizes communication in critical outdoor locations, ensuring reliability during power outages.

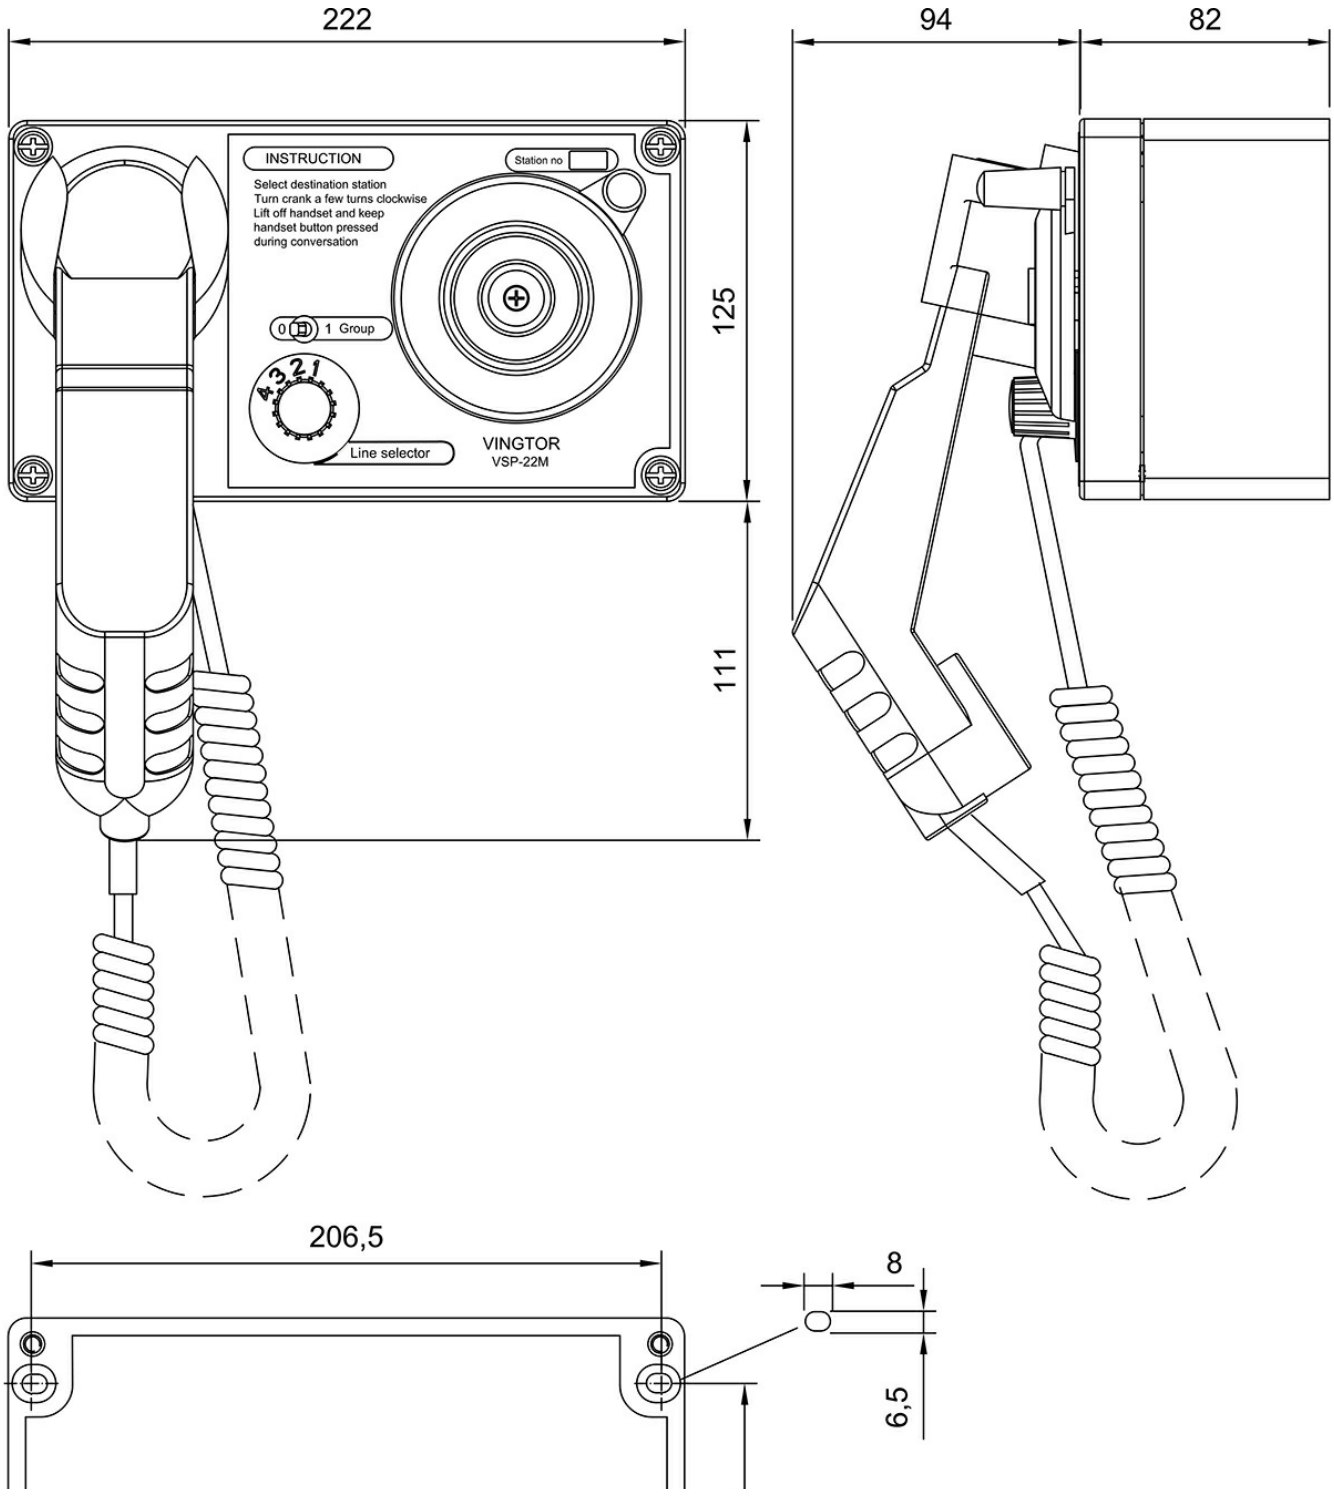

The VSP-22M is specifically engineered for outdoor use on vessels, offering a weather-resistant solution that supports SOLAS-
