Emergency points (1) Public Address (2) Voice Alarm

Civil Defence Approval

EN 54 Certified

Description

The EMX30 is a 30 button expansion module as an option for the EMS10 and 20 stations while remaining compliant with EN 54-16.

The EMS20 base unit with EMX30 can be ordered as the EMS50.

Top, bottom and rear cable entry points are provided by means of 'knock-outs' in the enclosure, while the field connections are provided by means of a set of terminals on the inside rear panel of the back box

When used with a main EMS unit it is compatible with the whole range of ASL Voice Alarm and Public Address systems, and is designed to comply with EN54-16, ISO 7240-16 and BS5839-8.
