Description

The QNV-6082R from Hanwha's Q Series is an affordable 2MP network dome camera featuring WiseStreamII, Hanwha's compression technology, triple codec H.265/H.264/MJPEG, 3.2 ~ 10.0mm motorized varifocal lens, IR, PoE/12VDC, 120dB WDR, Defocus Detection, Hallway View, one-way audio and SD card slot (SD/SDHC/SDXC up to 128GB).

Improved bandwidth efficiency with WiseStreamII support, H.265

WiseStream, the advanced compression technology can reduce bandwidth by 50% by using dynamic technologies. And when combined with H.265, the bandwidth efficiency can be improved up to 75% compared to the current H.264 technology.

Minimize image distortion by Lens Distortion Correction

Lens Distortion is typically shown in video on the straight lines near to edges of a image making the straight lines look curved outward. With Lens Distortion Correction technology imperfections in images are easily removed.
