Description

Anti-Corrosion OC-PTZ-2MP-v2 smart PTZ Network Dome outdoor IP camera is able to effectively avoid acidic and neutral salt fog corrosionOC-PTZ-2MP-v2 is also able to capture high quality colored images in dim light environment with its cutting-edge low illumination level down to 0.002Lux (color). Embedded with 1/1.8" progressive scan CMOS chip makes true WDR (140dB) and 2MP real-time resolution possible. With the 32X optical zoom Day/Night lens, the camera offers more details over expansive areas. The Anti-Corrosion PTZ camera also features a wide range of smart functions, including face detection, intrusion detection, line crossing detection and audio exception, benefitting users with great improvement on security efficiency, more importantly, with key events / objects being recorded for further forensic needs. These features, combined with smart tracking, which enables the camera to detect any progressively moving object and follow it within the camera's area of coverage without fault. Smart Defog and EIS (Electronic Image Stabilization) are further supported to improve image quality in challenging
