## Description

The RAK-DUCT-01 is a 1U rack-mount air duct designed specifically to complement the RAK-FAN-01, ensuring optimal cooling for stacks of V2000 amplifier frames installed in a single cabinet. Positioned between the V2000 units, the duct effectively channels airflow upward through the cooling slots of the V2000 chassis, facilitating efficient heat dissipation.

## Used With

### V2000

PAVA 2000W Power Amplifier  
Mainframe (0 amps Pre Installed)

Item Number: 1200202000

### RAK-FAN-01

Fan Shelf 1U for the V2000

Item Number: 1200542001
