Public Address Commercial Audio

Description

The VRMS4-IP is a flush desk mounting microphone console with a flexible goose neck.

It is a long life, robust ad spill proof unit which is designed to work with ASL's range of voice alarm and public address products.
The unit is powered via PoE and provides:
• Four zone selection buttons with Busy and Select LED indications.
• A Press To Talk button with Speak Now LED indication.
• A level indicator showing the peak voice level.

An in-built signal limiting and automatic gain control is provided to help compensate for varying operator technique.
