- 30W
- U-BRACKET MOUNTING
- ROBUST ABS PLASTIC HOUSING
- WEATHERPROOF TO IP65
- UL94 V-0 COMPLIANT

Public Address Commercial Audio

Description

The SPHM-30W is a 30W 100V two-way music horn loudspeaker which gives a high sound pressure level for internal and external applications. The SPHM-30W has a well-balanced frequency range and provides very good speech and background music quality. The loudspeaker is fitted with a 100V transformer which has four power adjustment tappings of 30W, 15W, 7.5W and 3.75W.

The SPHM-30W has a robust impact resistant ABS housing, which is sealed to the IP66 environmental standard. Thus, the loudspeaker is sealed against the ingress of dust, and is sealed against high pressure water jets for sustained weather resistance in industrial applications. In addition, the body meets the UL94 V-0 flammability standard. The loudspeaker is coloured to match RAL7035 ‘Light Grey’.
