Seagate Skyhawk 2Tb HDD

HDD Drive

- Supports latching SATA cables and connectors
- Supports up to 64 HD cameras for recording and playback
- Reliability for 24/7 video surveillance applications

Description

The Seagate Skyhawk 2Tb HDD features best-in-class acoustic performance which means virtually silent operation and built-in error recovery for non-stop video streaming. It is compliant with RoHS requirements in China and Europe.

Additionally, it has full-track multiple-sector transfer capability without local processor intervention, idle3 power mode support, low activity power and low-RPM spindle speed.

The Seagate Skyhawk 2Tb HDD has native Command Queuing with command ordering to increase performance in demanding applications. The HDD drive is also performance-tuned for seamless video applications.
