Headset for DECT handset V2

Headset

- ✓ Bluetooth 4.2 including MultiPoint
- ✓ New noise cancelling IP 68 water resistant speech microphone
- ✓ Improved speech intelligibility

Description

The Headset for DECT Handset v2 brings many improvements and new exciting features that can help improve the safety and efficiency in critical communication. Level-dependent technology for ambient listening can help you to hear important sounds from the surroundings. With the new feature Push-To-Listen, PTL, you can communicate face-to-face with people standing close by a noisy environment without being tempted to remove your hearing protection.

Bluetooth connectivity for seamless connection to external devices. Support for Bluetooth Multipoint for simultaneous connection of 2 phones (selectable in Set-up mode).

The Headset for DECT Handset v2 is useful when users need to be connected to their mobile device everywhere critical communication and hearing protection is required.
