Induction Loop Driver 4.6A

Wall mounted Induction Loop Driver

Public Address Onboard communication

Description

Designed for simple discreet installation, the CLS2 is one of the most cost effective and capable solutions in its class. The amplifier is compact, yet the most powerful unit available designed specifically for wall mounting. All connections and controls are secured behind a tamper resistant, hinged, detachable cover. Combined with its small size, the range of mounting and cabling options ensure that installation is convenient and tidy in any environment. Input options are extensive, with four independent inputs for balanced microphone, balanced and unbalanced line, low impedance and 100V - line speaker systems, plus priority alarm, doorbell or telephone connections.
