C1300-24XS

Cisco C1300 24-port 10G SFP+ switch

CISCO Certified

Description

The Cisco Catalyst 1300 Series Switches are fixed, managed, enterprise-class Gigabit Ethernet Layer 3 switches designed for small and medium-sized business and branch offices. These simple, flexible, and secure switches are ideal for deployment out of the wiring closet. The Catalyst 1300 Series operates on customized Linux OS software, with an intuitive dashboard that simplifies network setup and advanced features that accelerate digital transformation, while pervasive security protects business-critical transactions. The 1300 Series switches provide the ideal combination of affordability and capabilities for branches and growing networks and help you create a more efficient, better-connected workforce. When your business needs advanced networking features and security for the digital transformation, yet value is still a top consideration, you’re ready for the Cisco Catalyst 1300 Series Switches.
