# ITCS-C5

Bathroom Calling Unit

- ✓ Unit for call and call reset in bathrooms
- Pull-cord activation with push-button reset
- Red indicator light for call status
- Bulkhead mounting

## Description

The ITCS-C5 is a call and reset unit, primarily used in bathrooms and toilets to enable users to request assistance easily. The unit features a pull-cord activation for calling and a push-button reset, ensuring simple and intuitive operation.

- Easy call activation Pull the cord in the direction of the arrow to trigger a call.
- Visual confirmation A red bulb indicator lights up when a call is active.
- Simple reset function Calls can be reset by pressing the built-in push button.
- Bulkhead mounting Designed for secure and convenient installation.

Ideal for onboard and facility communication systems, the ITCS-C5 enhances safety and accessibility in bathroom areas.
