

AK5850B

AK5850B - Ex TwinCom Helmet Mount Headset

Ex-approved Headset with helmet mounting

- ✓ Rugged headset for Ex and Industrial environments
- ✓ Helmet mount
- ✓ Noise-cancelling microphone
- ✓ High quality digital background noise reduction
- ✓ HD-voice compatible
- ✓ High quality audio
- ✓ Standard 4-pole Nexus connector for easy connection/replacement
- ✓ For use with Ex-approved and industrial plugbox with PTT
- ✓ Low smoke and halogen free cable
- ✓ Designed for Turbine Ex explosion-proof and industrial intercoms

 IP54  ICX-AlphaCom  Exigo

Description

The AK5850B is a high-quality industrial Ex-approved helmet-mounted headset designed for use in rugged and hazardous environments. It features an adjustable boom microphone and a short curly cable terminated with a 4-pole Nexus plug, allowing secure mounting directly on compatible safety helmets.

Zenitel Turbine Ex | Industrial Intercom use

When used with Zenitel Turbine Ex or Industrial Intercom stations, the headset must be connected via the TAX-2B or TA-22B cable with plugbox. This cable assembly provides the required interface between the headset and the intercom station. In this configuration, the AK5850B supports HD Voice functionality with compatible Zenitel intercom systems.

Used together with the TAX-2B or TA-22B cable and plugbox with PTT, the solution provides reliable communication with an operating range of over 10 meters, depending on installation and operating conditions.
