Complete video surveillance solutions for Maritime & Energy Indoor, outdoor, and hazardous areas

BECAUSE COMMUNICATION IS CRITICAL

CCTV SYSTEM

ENSURING HIGH QUALITY
SURVEILLANCE COMPLETE CCTV SYSTEM

Zenitel designs CCTV solutions tailored to the specific needs and challenges of our maritime and energy customers. We offer a comprehensive solution, ready to deploy out of the box, complete with all necessary equipment and technologies seamlessly working together, enhancing the safety and security of the crew, cargo, and passengers. Depending on the customer's requirements, our engineers design cost-effective systems or solutions with an extended set of features, delivering high-quality area monitoring and video surveillance. Our equipment operates seamlessly even in the most demanding conditions; we offer solutions for deployment on the bridge, in the engine room, and throughout any area onboard a vessel or offshore platform.

TYPE APPROVALS

We deliver CCTV solutions that cover the requirements for maritime and energy systems, such as IEC 60945, and have approval by classification societies.

ABOUT THE CCTV SYSTEM

FEATURES

- Flexible and scalable system with options for combining IP systems and analog cameras
- Supporting H.265+/H.265/H.264+/H.264 video compression for high image quality on lower bandwidth
- Cameras from globally known brands for different applications: indoor, outdoor, Ex areas, and underwater
- A wide range of NVRs and dedicated servers
- IP network infrastructure
- Simple integration with Infotainment and IP TV solutions
- Onvif Profile S, G, T compliant cameras
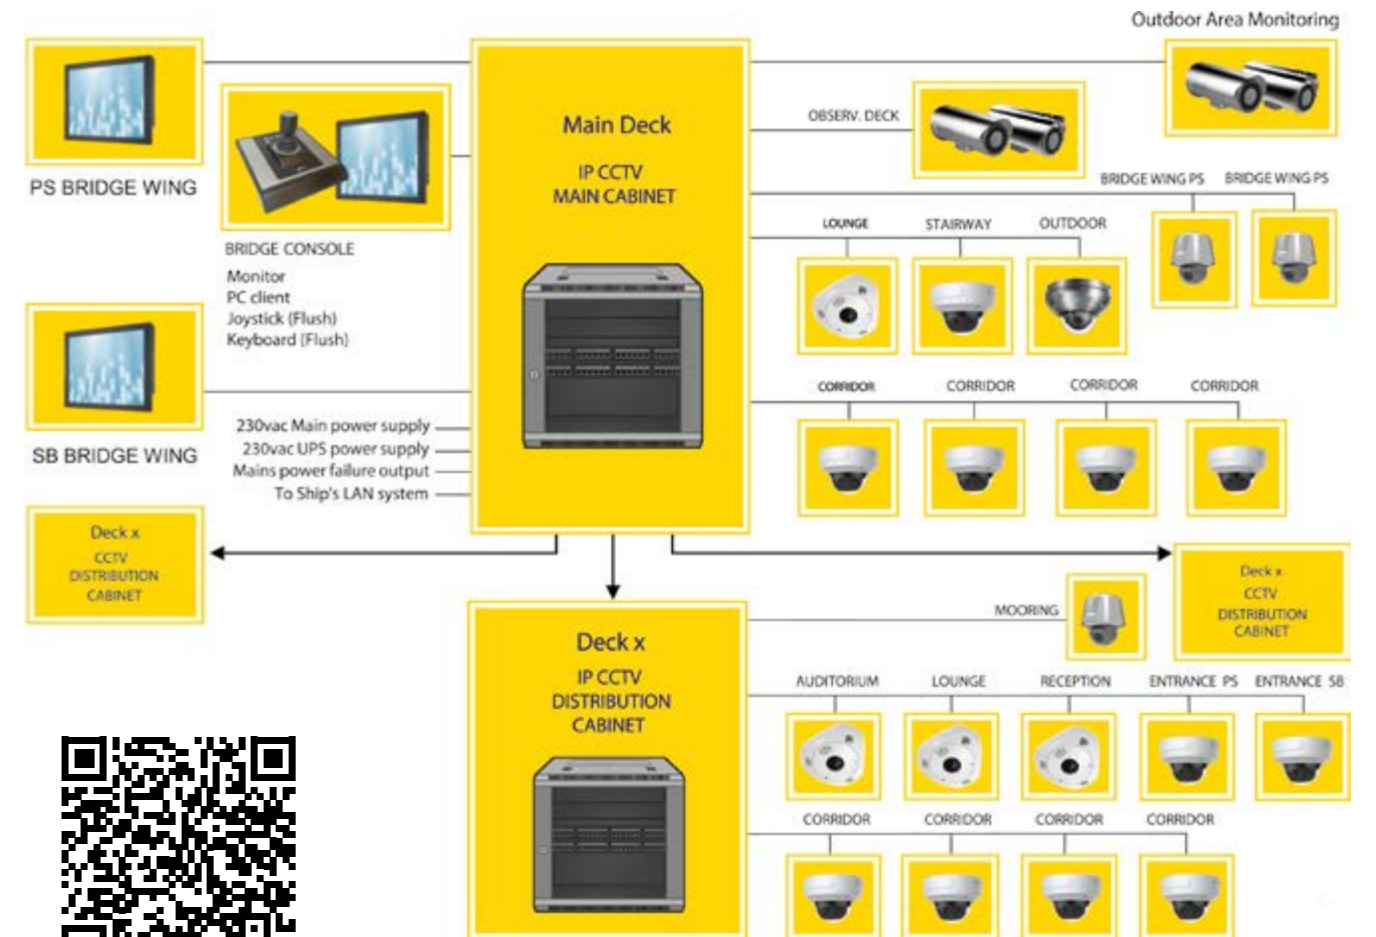

SYSTEM VARIATIONS

- Standalone system or integrated functional modules
- Complete Milestone VMS Solution or Standalone NVR System
- Available in cost-effective and advanced solutions

SYSTEM UNITS CCTV

Central Equipment

Order number	Description	Order number	Description
2310120136	HTC03-i5-AC PC client station for 4 monitors IEC60945 approved	2310120058	Working Station HT20370 ENIX Client for 2 monitors
2310120090	CSN RS25 - 4U Rackserver for 25x IP Cameras (Full HD, 25 fps)	2310120139	CSN-RS150 Rackserver, 2U, Xeon 4310/64GB/2x480GB/Red.PSU/W10

WHY ZENITEL?

You need systems that work. Every time. We provide reliable and resilient integrated communication solutions. We understand that the safety and efficiency of your most valuable resource, your employees, is key to your success.

We're specialists in the maritime and energy segments. We know the ocean industry, and we speak your language. Our innovative solutions for critical and intelligent communication deliver reliable performance in all conditions. We also understand your need to safeguard your assets, whether they are an ocean-going vessel or an energy plant. That's why we offer integrated communication solutions that enable seamless information sharing, so you can make better decisions more quickly.

Our systems and solutions provide high availability, scalability, reliability, maintainability, and cyber-defensibility. Our flexible and innovative solutions for intelligent communication, data, safety, and entertainment systems deliver reliable performance in all conditions.
