

Release Bulletin

Release of VS-IS 9.0.3.0

To: All Zenitel Offices & Partners

26 September 2024

Release of VS-IS 9.0.3.0

Zenitel is pleased to announce the release of VS-IS 9.0.3.0. The package contains the following software and firmware:

- VSFF8-9.0.3.0: TKIV+/TCIV+/TMIV+/TEIV+
- VSFF8MP-9.0.3.0: ZMK-1
- VSFF6-9.0.3.0: Desktop V2 / Flush Master CRM-V-2 / Cleanroom IP-CROR
- VSFT-9.0.3.0: Turbine Compact/Extended
- Zenitel IMT ver. 3.7.3.0 - Intercom Management tool for PC
- Zenitel-Client ver. 1.6.3.1 - Soft Client for IC-EDGE system

TCIV support

'VSFT-8.2.3.x: Turbine Compact/Extended' is the last version with support for the TCIV range. Zenitel will provide Long Term Support until June 2027 for the TCIV for critical bugs, based on that version; note therefore that the TCIV is not supported in VSFT-9.0.3.0.

Availability / Download

VS-IS 9.0.3.0 is now available on Zenitel Wiki. You can find additional resources and download the software at: <https://wiki.zenitel.com/wiki/Downloads>.

As software updates may be made available at any moment, it is always advisable to check for the latest available version on a regular basis. To be able to download software it is required to log in with a username and password. These can be obtained by sending an e-mail to alphasupport@zenitel.com. Please make sure that we can identify from the mail who you are.

Your Feedback

If you have any questions related to this bulletin, please contact your local Zenitel sales representative. We look forward to further developing our cooperation in 2024 and are grateful for your continued business and support.
