

Release Bulletin

IP-speaker Range changes

To: All Zenitel Offices & Partners

Jan. 2025

Release of ZIPS Range

Zenitel is pleased to announce the release to market of the new Zenitel IP-Speaker Range. The design and feature-set of new range is focused on simplified connectivity, easy install and improved output performance. This is achieved using standard PoE requirements to provide the End Customer with lower cost of ownership in terms of energy efficiency and infrastructure.

The ZIPS range replaces the ELSII-10xM and ELSIR-10CM IP-speakers.

Release of ZIPS Range

- External RJ45, with IP66 protection
- Speaker as mic technology
- 1x External Mic/Line input, 1x GPIO, 1x External Speaker output
- Higher Sound Pressure Level output for all speakers (30W with speech signals)
